This paper consists of nine (9) items.
Social Studies CBT Practice Items

Question 1

Theme: The Physical Environment and its impact on human activities

Objective: Use data to make comparisons and draw conclusions about how mountains affect weather and climate (G6SS - T2U1O4).

Item Type: Constructed Response – Short Constructed Response

The table below provides information for two points in the Lollipop Mountain Range. Examine the table below.

<table>
<thead>
<tr>
<th>POINTS</th>
<th>ALTITUDE</th>
<th>RAINFALL</th>
<th>HIGHEST ANNUAL TEMPERATURE</th>
<th>LOWEST ANNUAL TEMPERATURE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Candy Gap</td>
<td>2,756 m</td>
<td>32.4mm</td>
<td>24.0°C</td>
<td>9.0°C</td>
</tr>
<tr>
<td>Sandy Ridge</td>
<td>2,045 m</td>
<td>28.5 mm</td>
<td>26.0°C</td>
<td>11.0°C</td>
</tr>
</tbody>
</table>

(a) What conclusion can be made about the weather conditions at both points of the Lollipop Mountain Range?
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

(b) Using information from the table, give reasons to support your answer given in (a).

**Question 2**

Theme: The Physical Environment and its impact on human activities

Objective: Gather information from multiple sources and use it to analyse the effects of human activities on mountains (*G6SS-T2U1O6*).

Item Type: Selected Response – Table Grid

The chart shows some observations made on the impact of human activities on mountains. Complete the chart by writing ONE (1) possible impact or intervention in the blank spaces.

<table>
<thead>
<tr>
<th>Human Activity</th>
<th>Impact on the mountain</th>
<th>Human Intervention</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hillside farming</td>
<td></td>
<td>Terracing</td>
</tr>
<tr>
<td>Cutting down trees</td>
<td>Destruction of habitats for animals</td>
<td></td>
</tr>
<tr>
<td>Road Construction</td>
<td></td>
<td>Retaining walls</td>
</tr>
</tbody>
</table>

( 3 marks )
Examine the picture above and explain how the activities shown would benefit some persons while negatively affecting the environment.
Mr. Singh left India in 1845 and migrated to Jamaica. Use a tick (✓) to identify the push factors for Mr. Singh.

<table>
<thead>
<tr>
<th>Conditions</th>
<th>Push factors</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lack of job opportunities</td>
<td></td>
</tr>
<tr>
<td>High wages</td>
<td></td>
</tr>
<tr>
<td>Good living conditions</td>
<td></td>
</tr>
<tr>
<td>Strict caste system</td>
<td></td>
</tr>
<tr>
<td>Better medical care</td>
<td></td>
</tr>
</tbody>
</table>

Question 6

Theme: Living together

Objective: Identify regional organizations, describe their functions and use evidence to assess how these organizations foster integration (CARICOM, CDEMA, CXC, UWI, West Indies Cricket team) (G6SS-T3U4O6)

Item Type: Selected Response – Single Selected Response (with explanation)

Examine the image below and the statement that follows.

Caribbean Examinations Council

This organisation reflects the true meaning of regional integration.

(a) Do you agree with the statement? □ Yes □ No

(b) Give two (2) reasons to support your response.

Question 7

Theme: The physical environment and its impact on human activities

Objective: Explain how rotation causes day and night (G6SS-T3U2O4)

Item Type: Selected Response – Multiple Selected Response

Below is the schedule for the world cup match between Russia and Egypt. The match was aired AND was seen LIVE in different countries.

<table>
<thead>
<tr>
<th>Russia</th>
<th>against</th>
<th>Egypt</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

June 19, 2018.

Played in: St. Petersburg, Russia 9:00pm

Watched in: Kingston, Jamaica 1:00pm

Which two (2) of the following explains the difference in time that the match was seen in the two places?

A. One place faces away from the sun because it is in a different hemisphere.
B. Because of the earth’s revolution, the places are now experiencing different seasons.
C. The earth rotates, causing daylight in one place and night in the other.
D. One country is located closer to the equator.

(2 marks)
Question 8

Theme: The physical environment and its impact on human activities

Objective: Examine information from multiple sources on how human activities are determined by the climatic zone in which they live and justify their adaptations (G6SS-T3U1O10).

Item Type: Selected Response – Table Grid

Examine the statement below about **Country A** and the bar chart of **Country B** and answer the questions that follow.

*In Country A the temperature never goes above 10°C, winters are long and dark. Summers do not get very warm. The ground is frozen most of the year.*

<table>
<thead>
<tr>
<th>Economic Activity</th>
<th>Likely</th>
<th>Not Likely</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fishing</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Farming</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Tourism</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Based on the climate experienced in **Country A** and **Country B**, place a tick (✔) beside the main economic activities that is likely to be done in both countries.

(1 mark)
Question 9

Theme: Our Common Heritage

Objective: Identify various ways of preserving Caribbean culture (G6SS - T1U1O11)

Item Type: Constructed Response – Short Constructed Response

(a) Identify one significant contribution that one ethnic group has made to Jamaican culture.

__________________________________________________________________

__________________________________________________________________

(b) Suggest one way of preserving the culture of the ethnic group named in (a).

__________________________________________________________________

__________________________________________________________________
